

2026 EVENT RENTAL CATALOG

Whether you're planning a corporate gathering, grand opening, festival, or special celebration, Kiteman Group offers a wide range of visual event rentals designed to transform your space. From vibrant solid-color feather banners and kinetic windmill spinners that add motion and energy, to indoor and outdoor décor elements like directional signage, fabric backdrops, and DMX LED atmospheric uplighting, our inventory is built to create impact at any scale.

Our LED uplighting adds color, depth, and mood to walls, columns, scenic elements, and architectural features, while our kite gardens and large-scale visual displays bring creativity and wonder to open areas.

Renting from Kiteman is a cost-effective way to elevate your event without a major build. Equipment can be rented by the day, week, or month, and our experienced team handles delivery, installation, and removal. All you have to do is tell us when and where.

WELCOME EVENT PLANNERS!

You know that the right visual elements can define how an event feels the moment guests arrive. Kiteman Group works with planners to provide reliable, visually impactful rentals that are easy to deploy and designed to work in real event environments. Our catalog includes banners, kinetic décor, inflatable displays, fabric signage, and lighting solutions that help shape space, guide guests, and support your overall event design. Backed by an experienced team that understands timelines, venues, and logistics, we're here to be a dependable partner as you plan and execute successful events.

Let's partner together to make your next event a resounding success!

"Nightshade" White Turtle Flosshade

Sponsorship "Mini" Flosshades

Custom Printed "Mini" Flosshades

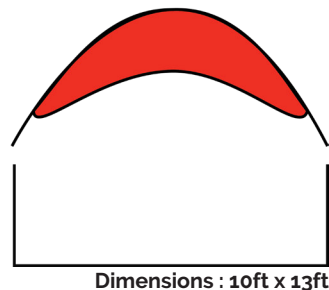

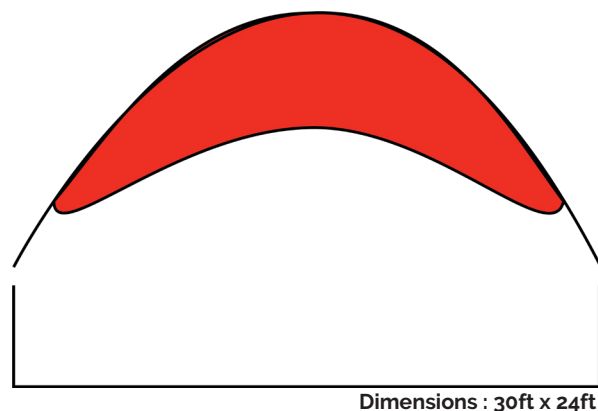

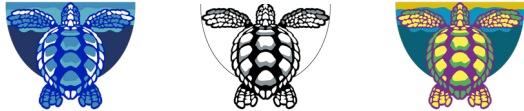

"Chilling" Turtle Flosshade

Floshades are a wind-powered canopy that flaps gently in the breeze, creating movement that catches attention. The design provides steady shade, a clear visual marker, and a strong place to anchor your brand. The large fabric panels support full dye sublimation printing, so your artwork, colors, or sponsor graphics appear sharp and uniform across the entire canopy.

Event planners use Floshades to mark entrances, highlight sponsor zones, frame lounges, and guide guests through outdoor areas. They set up fast, handle repeated use, and pack down easily for transport.

Kids are particularly drawn to the movement, and love to play underneath.

Ceiling & Stage Display @ Autism Gala

Directional Banners @ Synapse Conference

"Letters to Santa" Ceiling Display @ World of Disney Store

Truss Banners @ ACTL

Event planners often need visuals that go beyond off-the-shelf rentals, and that is where Kiteman Group's custom printed fabrications come in. We design and produce event-specific elements such as immersive ceiling displays like those created for the Autism Gala, large-scale holiday ceiling décor for the World of Disney store, custom directional banners for conferences like Synapse, and clean, professional truss banners for stages and exhibit spaces.

All fabrication is handled in-house, allowing us to tailor size, color, branding, and installation method to the venue and event flow. These custom fabric solutions are ideal for transforming indoor spaces, reinforcing event themes, and creating memorable environments that feel intentional and well-designed.

Custom Printed Fabrication Examples:

- Hanging decor and aerial scenic elements
- Attraction and venue theming
- Custom pole signage and wayfinding display
- Parking Lot Designations
- Fabric scenery and soft scenic backdrops
- SEG (Silicone Edge Graphics) Signage
- Custom Hanging Banners
- Bollard Covers and Outdoor Advertising Wraps

KITE PERFORMANCES

Atmosphere Kite Shows are designed to blend into the background, providing an ever-changing visual treat for guests. By incorporating a variety of kite elements, these shows add a sense of spontaneity and excitement to the environment. Atmosphere Kite Shows can be tailored to suit the theme or color scheme of an event, seamlessly blending in while creating a unique and memorable atmosphere.

Performances can be on land or water, day or night. Flights can be staggered to seem random and spontaneous, or can be scheduled to coordinate with presentations or other entertainment elements.

LIVE ENTERTAINMENT

From interactive performances like juggling, stilts, and LED shows to puppetry, our diverse acts are designed to captivate audiences and create lasting memories. With decades of experience and a proven track record in delivering exceptional entertainment at theme parks, festivals, and private events, we combine creativity, precision, and innovation to elevate every experience. Whether you're looking for atmospheric performances, custom themed acts, or show-stopping spectacles, Kiteman Group is your partner in crafting live entertainment that wows.

KIDS KITEMAKING WORKSHOP

Kids' kitemaking is a fun and educational activity where children design, build, and decorate their own kites. It promotes creativity, outdoor play, and learning about wind and flight. It enhances fine motor skills, teamwork, and provides a sense of accomplishment when their kite takes flight.

Kiteman has created a kite kit that can be constructed in minutes, and utilizes a "magic" wand with a short piece of line so the kite will fly, but also not interfere with other displays or each other.

CUSTOM DYE-SUBLIMATION

Kiteman's state-of-the-art dye-sublimation technology infuses your design into the fabric, resulting in products that are resistant to fading, peeling, or cracking, promising a longer lifespan.

We can create custom props and decor with vibrant, full-color designs that set the atmosphere. Our eye-catching, durable signage and displays guide your guests while reinforcing your event's theme.

And don't forget promotional products - from mugs to mouse pads, we can help you leave a lasting impression on your attendees.
